Creating and producing in Ukraine

Ukrainian brand of hand-knitted home decor

Anzy Home is a Ukrainian lifestyle brand specializing in knitted and crocheted home décor, founded on the principles of social responsibility and sustainability. Our products are handmade from scratch in Eastern Ukraine.

We offer a diverse range of products, including poufs, rugs, pillows, storage baskets, kids' room decor, newborn Moses baskets and Christmas decor.

Our customers can choose from a wide variety of options in terms of color, size, shape, and design. Despite our medium-batch production capabilities, we provide unique, ethically handcrafted, and customizable products. Private label manufacturing is also available.

Our commitments are:

Providing Social Impact. Employing women artisans for enjoyable fairly-paid jobs in well-organized conditions, with a priority given to socially vulnerable groups.

Prioritizing Sustainable Practices. Using natural, certified, and recycled materials, including certified cotton, and promoting a “just-enough” model that avoids overusing resources by working made-to-order or for carefully predicted stock.

Following Conscious Design Principles. Creating durable pieces that remain stylish over time.

4 Anzy Home's mission is to furnish homes around the world with unique, high-quality items that are responsibly and consciously handmade, while creating meaningful job opportunities for Ukrainian women.

with Meaning

Founded in 2009 by a mother and daughter, Singaevska Studio specializes in bespoke home textiles that combine tradition with modern design.

Our latest collection, Oberig, features exclusive, hand-drawn embroidery inspired by Ukrainian culture. Each motif, from the deer symbolizing harmony to the sunflower representing hope, is an original design, crafted to bring beauty, warmth, and meaning to your home.

WOOLBERRY

Woolberry is a Ukrainian brand dedicated to crafting sustainable, high-quality bags and accessories. Based in Kyiv, we've been committed to eco-conscious fashion for the past 10 years, using only premium, durable materials to create products that are both stylish and practical.

Eco-Friendly Materials: Our bags are made from top-grade German merino wool, a material we chose for its unique qualities and sustainability. Merino wool is not only warm and resilient, but it's also naturally water-resistant and resistant to pilling. Importantly, it's a completely ecological material. We proudly say that no sheep are harmed in the making of our Woolberry bags.

Our wool supplier meets the highest ethical standards, with all necessary certifications proving that the sheep are sheared humanely and with minimal stress. This commitment to ethical practices is a core reason why we fell in love with merino wool.

100% Merino Wool Felt Bags and Accessories

Sustainability at the Core:

Sustainability is not just a trend for us; it's a way of life. We have long been advocates of conscious consumption, well before it gained widespread attention. In our operations, we strive for zero waste, using little to no plastic — a practice we adopted before waste reduction became a mainstream movement. We were early supporters of No Waste Ukraine, a pioneering organization that opened the first garbage sorting stations in the country.

Our Design Process: The idea to create bags from felt emerged from our desire to craft ethical products that respect animals. Each Woolberry bag is designed with meticulous care, tested for durability, and continually refined to ensure top quality. We also regularly refresh our color palette to keep our designs modern and versatile.
